Dear Blake:

I am delighted to write this letter of recommendation on behalf of Kent Legal.

We have utilized the A1 accounting system for a number of years and continue to be delighted with its reliability. Support from CSE is excellent and at no time have you failed to find a timely solution to any of our problems.

In 2003 CSE developed a Time Entry software package for our hourly paid temporary staff, which revolutionized our segment of the staffing industry. We have eliminated manual time sheets completely, and clients can approve the hours worked online, thereby improving the payroll turnaround time substantially. Our Time Entry system pulls information from A1 for both client and employee allowing us to process our weekly payroll in less than two hours, which before was an all day task.

Your staff, from first contact with Cheryl, to Greg Scott, Mustafeez Rehman and Steven Schlorke all has a customer friendly approach and are a pleasure to deal with.

I strongly recommend CSE to any prospective client looking for innovative solutions to their business management software.

Yours sincerely,

Laird Fraser
